

Car Compatibility List

Fold & Go
i-Size

Fold & Go i-Size

www.chicco.com

This car seat is suitable to fix into seat positions in most cars. The numbers on the diagram below correspond with the vehicle fitting positions listed in the following pages.

If your child restraint can be fitted, it is marked with ●

If your child restraint cannot be fitted, it is marked with ●

i-Size vehicles are marked with 

Vehicles with under-floor storage boxes are marked with **SB!** -Please consult your vehicle user manual or dealer when fitting this seat in a vehicle with under-floor storage boxes.

Vehicles with a cabin roof height which could restrict the seat being installed forward facing are marked with !

If your vehicle is not listed in this manual or it is not marked with either a ● or ● then please refer to your vehicle's handbook or contact the manufacturer for further information.

Seat positions in other cars may also be suitable to accept the child restraint. If in doubt, consult either the child restraint manufacturer or the retailer.

Before you purchase the vehicle, check that it is equipped with the appropriate anchorages.

ALWAYS give priority to the rear seats of your vehicle.

DO NOT fit your child restraint onto a vehicle seat fitted with an airbag, unless it can be, and is deactivated. Death or serious injuries can be caused by an activated AIRBAG system.

This fitting-list was carefully prepared using scientific data collected from both vehicle and car seat. No liability is accepted for the accuracy of the list, which is for guidance purposes only. You are advised to check that the seat you purchase is compatible with your car at the time of purchase.
